Teaching

Introduction to Agricultural Economics, AEC 2713. Taught 1999-2001. A three-hour introductory course in microeconomics as applied to agriculture.

Agricultural Production Economics, AEC 8143. Taught 2004-2015. A three-hour M.S. level course in production economics. A required course for M.S. students covering basic production economic theory and risk theory.

Advanced Agricultural Production Economics, AEC 8353. Taught 1999. A three-hour Ph.D. level course in production economics.

Public Problems in Agriculture, AEC 4413/6413. Taught 2002-2018 A three-hour split level course in agricultural policy. This course covers the policy process and addresses the role of economics in policy evaluation. The course is largely taught through a debate-format where students are required to make economic arguments through oral presentations.

Agribusiness Risk Management, AEC 8542. Taught 2002-2005. A two-hour MABM course addressing risk management from the perspective of an agribusiness firm. This unique MABM course covers both risk theory and practical applications.

Agricultural Economics Research Seminar I, AEC 8611. Taught 2008, 2010, 2016 A one-hour graduate-level research seminar which introduces students to research methodology, the philosophy of science and research proposal development.

Agricultural Economics Research Seminar II, AEC 8621. Taught 2004-2018 A one-hour graduate-level research seminar which guides students in proposal development and fundamental research procedures.

MSU Learning Community: Wildlife Management in Agricultural Systems: Linked Courses LC--Dr. Sam Riffell, Wildlife and Fisheries; Dr. Keith Coble, Ag Economics; Dr. Gregg Ibendahl, Ag Economics; Dr. Randy Little, Ag Economics. – 2007

Survey Design & Experimental Economics, AEC 8843, Taught 2007, A three-hour graduate-level course. Team taught with my section addressing survey design.
